Loading Expenses, per Vessel, 1s. per Ton. Consignees of all Slates sent per Rail to pay the Railway Tolls from Nantlle, and in consideration of this no charge for Loading Expenses will be made. Railway Companies charge Tolls on *actual weight* of Slates.

An allowance of 1 Cwt. in every Ton, and 60 Slates in every thousand of 1200, is made at the time of shipment, to cover breakage, short delivery, or other causes. No further abatement or allowance can be made.

Orders will not be considered as accepted until booked and advised, and they will, as far as possible, be executed in turn. Orders will be booked subject to production, and they will be charged, according to prices ruling at time of shipment.

The delivery of all Slates forwarded by Rail will be considered complete at Tanrallt Siding, near Nantlle, or for Shipment at the Quay, Carnarvon, where Purchasers are at liberty to inspect them; but after being put in Trucks or on Board Vessel, they are entirely at the risk of the Purchaser.

Insurance effected if specially ordered before the Cargo is invoiced.

TERMS OF PAYMENT.—Cash to be remitted within one month from date of Invoice. If required, Cash to be remitted before Slates are forwarded. A respectable reference required.
